

## BioTalks Plus

---

BioTalks Plus are series of audiovisual interactive discourses from experts, practitioners, researchers in ***Life Science*** fields about the application of useful and specialised information, targeted to educate, inform and galvanise the attendees into taking positive, pragmatic and actionable steps about their health, wellbeing and development, which are achievable as possible within their personal environments and larger communities.

BioTalks Speakers are expected to provide and deliver incisive and practicable texts and speeches and activities, online and offline, which are aimed to solve problems within their area(s) of expertise, researches, discoveries, works/professions, interests, and many other scientific things you do. To be our expert speaker on BioTalks Plus, and/or participate in any of the other ***Sci-Comm programmes***, kindly fill [this form](#).

**Below are BioTalks already held and delivered.**

---

---

2023

**[The Initiation of Infection and the Causes of Disease \(Part 2\) - Sites of Entry and Defense Mechanisms](#)** by **[Tayo Fasuan](#)** (13/03/2023)

---

**[The Initiation of Infection and the Causes of Disease \(Part 1\) - Factors Determining Infections](#)** by **[Tayo Fasuan](#)** (03/03/2023)

---

**[An Overview of The Immune System](#)** by **[Tayo Fasuan](#)** (03/03/2023)

---

---

2022

[\*\*Upper Digestive System Infection: Herpes Simplex \(Cold Sore\) by Tayo Fasuan \(26/08/2022\)\*\*](#)

---

[\*\*Health BioTalk Topic: Bacterial Vaginosis by Tayo Fasuan \(21/08/2022\)\*\*](#)

---

[\*\*Food Allergies: Causes and Management by Tayo Fasuan \(25/05/2022\)\*\*](#)

---

---

2021

[\*\*Introduction to Acute and Chronic Inflammation: Part 2 \(Chronic Inflammation\) by Tayo Fasuan \(07/12/2021\)\*\*](#)

---

[\*\*Introduction to Acute and Chronic Inflammation: Part 1 \(Introduction\) by Tayo Fasuan \(30/11/2021\)\*\*](#)

---

[\*\*Brief Introduction to Antigens and Antibodies \(Short BioTalks\) by Tayo Fasuan \(27/10/2021\)\*\*](#)

---

[\*\*Vaccines and Vaccination Issues, Availability and Effectiveness in Nigeria by Tunde Olusola \(10/10/2021\)\*\*](#)

---

**[Respiratory System Infections: Diphtheria](#) by [Tayo Fasuan](#) (30/09/2021)**

---

**[Understanding Infection Incubation Period \(Short BioTalks\)](#) by [Tayo Fasuan](#) (27/09/2021)**

---

**[Respiratory System Infections: Anatomy, Physiology and Ecology of the Respiratory System](#) by [Tayo Fasuan](#) (22/09/2021)**

---
